Re: Response to Comments  
Construction Stormwater General Permit  
NPDES Permit ALR100000

Dear Mr. Schongar:

The Alabama Department of Environmental Management has made a final determination to re-issue General NPDES permit No. ALR100000 for discharges associated with certain construction activity. The issued permit will become effective April 1, 2016.

The Department notified the public of its tentative determination to issue General NPDES Permit No. ALR100000 on December 23, 2015. Interested persons were provided the opportunity to submit comments on the Department's tentative decision through February 17, 2016. The Department also held a public hearing on February 17, 2016. In accordance with ADEM Admin. Code r. 335-6-6-.21(7), a response to all comments received during the public comment period and the public hearing are enclosed for your review. The permit may be viewed or downloaded from the Department's webpage at [www.adem.alabama.gov](http://www.adem.alabama.gov).

Thank you for interest in the Department's permitting process. If you have any additional questions or concerns, please contact Jennifer Passineau by email at [jklepac@adem.state.al.us](mailto:jklepac@adem.state.al.us) or by phone at (334) 394-4313.

Sincerely,

A handwritten signature in blue ink that reads "Jeffery W. Kitchens".

Jeffery W. Kitchens, Chief  
Stormwater Management Branch
